

“HOW WAS APRIL SPENT BY  
ADIANS.....?????”

All the ADIANS would be proud by the way AD is expanding in the field of Management Consultancy. It is the time for ADIANS to grab this opportunity and make most of it!!! April month could be said the month of the field Audit, our major workforce was on the field busy with the major assignments. Though they were missed, activities like Debate on upcoming Election & Grow with Saturday (By Lucky Charms) were both entertaining and knowledge enhancing experiences. Also, we witnessed another great achievement in last month with Alok Sir being appointed as an Internal Audit Committee Member of WIRC giving ADIANS another reason to be proud of!!!!

## *Poem of the Month*

There's a place where I go that no one else know,  
Where mysteries abound and excitement grow.  
A place out of reach of any man's hands,  
Safely secluded in a far away land  
Beyond the grasp of those who may plunder  
The wealth of its power and its life changing wonder.  
I go alone to my secret place, never leaving a trace  
For someone to follow and discover my space  
Where I keep my secrets, my fears, and my regrets  
Away from the world and all of its threats.  
It's mine and mine alone!  
The only place I can call my own.  
I treasure the moments spent in this realm  
Where anything is possible and I'm at the helm.  
This place I describe is all that it seems...  
It's a magical place I call my dreams
